Office of the Director General

UOL/512/2025

Decision on chargeable services provided by the National Enforcement Authority Finland

Pursuant to the Decree of the Ministry of Justice and certain administrative authorities on charges for the period 2025-2027 (646/2024), the following is decided:

Scope

This decision determines the chargeable services to be provided by the National Enforcement Authority Finland, insofar as they concern the services provided pursuant to the Act on the Openness of Government Activities (621/1999) and the exercise of the right of inspection under the EU General Data Protection Regulation (2016/679), and insofar as they concern other chargeable services under section 3 of the Act on Criteria for Charges Payable to the State (150/1992), which are priced on a commercial basis in accordance with section 7 of the same Act, such as training, consultancy and expert services, the production of data files and the provision of studies and surveys on request or on order.

In all other respects, the above-mentioned decree 646/2024 and acts and decrees on enforcement charges shall apply.

Services provided on the basis of the Act on the Openness of Government Activities

The fee for the retrieval and preparation of information referred to in section 34, subsection 2 of the Act on the Openness of Public Authorities is EUR 67.15 (VAT 0%) from the start of the second hour onwards.

For the provision of information in the form of a copy or printout within the meaning of section 34, subsection 3 of the Act on the Openness of Governments Activities (621/1999), a fee of EUR 1.10 (VAT 0%) is charged for the first page of an identified paper document and EUR 0.70 (VAT 0%) for each subsequent page. Costs of less than EUR 10 will not be invoiced.

Information submitted under the EU General Data Protection Regulation

In accordance with Article 12(5) of the EU General Data Protection Regulation, the information and measures provided to the data subject under the GDPR are free of charge. A reasonable fee may be charged for providing the information or taking the requested action if the data subject's requests are manifestly unfounded or unreasonable. In addition, a fee may be charged on the basis of Article 15(3) if the data subject requests more than one copy of the data processed by the controller. The reasonable fee will be determined on a case-by-case basis on the time taken to retrieve and prepare the information and the number of copies, or both, applying the pricing for responses to requests made under the Act on the Openness of Government Activities. When invoicing for the execution of data subjects' requests under the GDPR, the controller must be able to demonstrate the justification for the invoicing, for example the unreasonableness of the requests.

Other services priced based on the Act on Criteria for Charges Payable to the State

In accordance with section 7 on the Act on Criteria of the Charges Payable to the State, the fee for the services of public authorities charged on a commercial basis is EUR 147 per hour (VAT 0%) for training, consultancy and expert services, and EUR 77 per hour (VAT 0%) from the first hour onwards for the production of information material or commissioned/requested composite reports.

VAT shall be added to the prices of other commercially priced services.

Entry into force

This decision shall enter into force on 1 March 2025 and remain in force until 15 February 2028.

Director General Veikko Minkkinen

Senior Administrative Officer Taneli Heikkilä
